- Consumers who are submitting a new application:
 - If they are currently receiving UI, report that on the application.
 - **Beginning July 12:** After submitting the application, but before enrolling, call the Broker Service Line to request the appropriate SEP be opened for the consumer. The consumer's APTC and access to the 94% CSR will be updated.

You may be eligible for increased tax credits and cost-sharing reductions

If a taxpayer in your household, including one or both spouses if married and filing jointly, received unemployment income in 2021, you may be eligible for an increase in your advanced payments of the premium tax credit (APTC) and cost-sharing reduction (CSR) benefits that can help lower the cost of health insurance through MNSure (Public Law 117-2, Sec. 9661).

Why am I getting this notice?

Our records show that you reported a taxpayer in your household received unemployment income during 2021. We redetermined your eligibility for APTC and CSR based on the new American Rescue Plan rules and you are eligible for these increased benefits.

What if no taxpayer in my household received unemployment income in 2021?

If no taxpayer in your household received unemployment income in 2021 your redetermined benefits will be incorrect. Please call the MNSure Contact Center right away at 651-539-2099 (855-366-7873 outside the Twin Cities) so we can update your household's unemployment income information and make sure you receive the correct benefits. If you do not contact MNSure you may have to pay back benefits to the IRS when you file your 2021 taxes.
