Special enrollment periods

- A consumer must experience a qualifying life event to be eligible to enroll in a qualified health plan.
  - Consumers eligible for a public program can enroll at any time.
  - American Indians enrolled in a federally recognized tribe can enroll or change their enrollment monthly.
- Remind consumers to report all changes to their application as it could change the consumer’s eligibility for financial assistance.
- To determine whether a consumer’s situation qualifies for a SEP, a full application must be completed, or a change reported and processed.
- New for 2022: Unless an earlier coverage effective date is allowed, the effective date for coverage for SEPs is the first day of the month following the date when a consumer selects their plan. (The “15/16 rule” will no longer be used.)
SEP Resources

- Assister Central has resources available under Helping Consumers: Special Enrollment Period (SEP)
MNsure Updates

- New special enrollment period opportunity:
  - For Minnesotans who purchased health or dental insurance from Salvasen Health or Triada whose coverage is ending April 1, 2022.
  - SEP is available through Friday, April 29, 2022.

- Notice sent in error:
  - Last week, MNsure sent a notice to approximately 1,700 enrollees telling them to take action to terminate their coverage then they turn 65 and become Medicare eligible. The notice, unfortunately, went to enrollees who are turning 64.
  - MNsure is sending a correction to these consumers.
  - If a consumer has an assister portal association with a broker, we will let you know that your client received this notice in error.
