

## FY 2020 Navigator Outreach and Enrollment Grantees

---

*\$4.2 million, 24 grants funding 43 organizations*

### **Goal of the Consumer Assistance Program**

The goal of MNsure's Consumer Assistance Program is to ensure all Minnesotans are connected to affordable and comprehensive health insurance coverage.

### **Purpose of Navigator Outreach and Enrollment Grants**

The Fiscal Year (FY) 2020 Navigator Outreach and Enrollment Grant Program supports this goal by funding targeted outreach to uninsured populations and sustaining a robust statewide navigator network to provide application, enrollment and renewal assistance to Minnesotans who need help to get and maintain coverage.

### **Funding Areas**

MNsurance is awarding approximately \$4.2 million in two funding areas for FY 2020 after evaluating FY 2019 Geographic and Population focus grantee performance and negotiating contract extensions with 24 grantees.

#### ***Geographic Focus (\$2.9 million)***

Grants focus on building statewide access to enrollment assistance and sustaining a network of navigator organizations working closely with MNsure on strategies to reach, enroll and renew consumers.

#### ***Population Focus (\$1.3 million)***

Grants support organizations that have identified populations that face barriers to enrolling in coverage and/or high levels of uninsurance and can demonstrate an ability to effectively reach, enroll and help renew coverage for the population.
