1 See What You Qualify For

MNSure is Minnesota's one-stop shop to compare plans and qualify for financial help. Use our Plan Comparison Tool at [MNSure.org/save](https://mnsure.org/save) to compare plans side by side and see what type of financial help you might receive.

2 Create an Account

Create a user name and password so you can log into MNSure's online application system. For best results, read the application and enrollment tips on the Account Creation page. You will use this same account each time you renew or change your coverage.

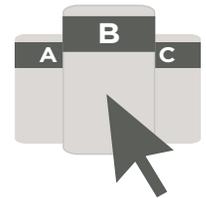

3 Submit an Application

Two versions of the application are available. Submit an application **WITH** financial help to see if you qualify for tax credits for a private health plan or low- or no-cost coverage through MinnesotaCare or Mecal Assistance (MA). Submit an application **WITHOUT** financial help if you know you don't qualify or if you prefer to pay full price.

4 Pick a Plan

You will receive enrollment instructions based on if you qualify for a **private health plan, MA or MinnesotaCare**. If you are enrolling in a private plan, you can pick your plan online. If you are enrolling in either MA or MinnesotaCare, you will receive information from the Department of Human Services.

5 Pay Your Premium

If you have a private plan, your insurance company will send you an invoice. If you have MinnesotaCare, the Department of Human Services will bill you monthly. **In either case, you must pay your first month's premium for coverage to start.** MA enrollees do not pay monthly premiums.

? Need Help?

No matter your question, support is available via phone, social media or face-to-face in your community. Visit mnsure.org/help for more.
