

"CUTTING VEGETABLES
(AND MY FINGER) COST ME
MORE THAN A MONTH
OF GROCERIES."

THANKFULLY,
NOW I'M INSURED.

If you get sick or hurt, not having health insurance can be costly, not even counting the federal tax penalty of \$695* per person this year for not having it. So use MNSure to find a plan you can afford. It's free, and lets you compare health plans to find the best one for you, often at a surprisingly affordable price. Most people qualify for financial help, and free phone or in-person assistance is available.

Call 1-855-3MNSURE
or visit mnsure.org

* \$695 or 2.5% of your household income, whichever is greater.
