Minnesota Health Care Programs: July Updates

Navigator/ CAC All State Monthly Webinar

July 6, 2022
Status of the Federal Public Health Emergency

• Current 90-day emergency declaration expires after July 14, 2022.
  • We did not get the expected 60-day advance notice from the federal government, so we expect it to be renewed.

• If renewed again, the next 90-day period would expire mid-October.
Renewals Timeline Uncertain

• What does this mean for Medical Assistance (MA) and MinnesotaCare renewals?
  • If the emergency ends in October 2022: MA renewals *could* resume with February 2023.
  • Regular MinnesotaCare renewals *could* occur in the fall of 2023, for January 2024 eligibility.
  • HOWEVER, if the emergency is renewed again, our timeline will roll forward.
Ukrainian Humanitarian Parolees

- Additional Ukraine Supplemental Appropriations Act, 2022 signed May 21, 2022

- Ukrainian Humanitarian Parolees who entered the U.S. on or after February 24, 2022, and before September 30, 2023, and their immediate relatives, can qualify for federal programs

- Bulletin coming soon!

- Paper applications, write “Ukrainian Humanitarian Parolee”

- Online application, choose “Refugee,” notice will include proofs needed. Send in copies of immigration documents
Thank You!
